

CARDAMOM TENETED CAMP

RECOMMENDED PACKING LIST

Aside from your regular packing for travel in a tropical climate, we like to share some Tips of items that you may find come in handy during your upcoming stay at our secluded jungle location and while joining some of our nature-based activities

Clothing

Our camp is located in a low-lying rain forest, and the hiking trails frequently cross through rivers and creeks and muddy patches.

Count on part of your clothing items to get dirty and wet. We suggest to take:

Electricity and Internet

Our camp is solar-powered, which means that we are not able to support heavy power-draining equipment such as flatirons or hairdryers.

You will be able to charge cameras batteries, phones, etc.

We have limited access to the Internet but cannot guarantee connectivity at all times.

Laundry

We do not offer laundry services. Should you want to wash clothing, take your own biodegradable detergent.

Luggage

Getting to our camp involves a boat journey. We have limited luggage capacity on the boat and in the tents, but we offer the opportunity to leave large luggage items at our Trapeang Rung Jetty. Duffel bags or aeroplane cabin-sized luggage is ideal for the stay.

We have a good selection of drinks in our bar, including a wide selection of wines and several locally produced beers, the sale of which helps to support our project. However, should you wish to bring your drinks, a bottle of fine wine, a bottle of whiskey, or a beer case, please be aware that we charge a "corkage" fee.

Our corkage fees:

1. Beer/Soft drink: \$30 per Box

2. Wine/Whiskey/Spirit: \$30 per Bottle

Sunscreen

Swimming trunks

Light Long Trousers (easy drying)
